JAPS PREDICT ALLIED LANDING ON CHINA COAST

Radio Tokyo Reports
Americans Fighting
Onto Kume Island

GUAM, June 28.—Radio Tokyo reported Allied invasion forces were fighting their way today onto Kume Island, 50 miles west of Okinawa, and predicted Ameri- can assault forces may land on the China coast preparatory to invading Japan.

The unconfirmed report on the Kume invasion said "heavy fighting is now in progress." It described the action as a "fresh landing" in the central Ryukyu Islands where Americans are developing new bases to hit the enemy homeland.

Tokyo quoted Maj. Gen. Masoro Ito, one of Japan's leading military commentators, as saying there was no immediate prospect of an invasion of Japan and Okinawa is "totally unsuitable as a base for large scale operations."

Another broadcast quoted the Tokyo newspaper Yomiuri Hochi as noting "the possibility is great that the enemy will attempt a landing on the China continent in preparation for the actual invasion of Japan."

Capture of Kume would add a little more than 10 square miles to the American-held Ryukyu area, including Okinawa and the nearby Kerama Islands. It would also provide the western flank of Okinawa where capture of 802 more prisoners boosted Japanese losses for the campaign to 111,351.

Kume, shaped like a dog's head pointed toward the China coast, is the west of Okinawa's capital city of Naha, and within 300 miles of Formosa. On the west side, from the tip of the dog's nose southward, its coastline is eight miles long. One height on the north end rises over 900 feet and another near the south end up to approximately 920 feet. An all-weather highway traverses a large part of the island.

The new bag of prisoners increased the captive total to 8,498. One group was taken in by 10th Army mop-up squads when caught wading, neck deep, in surf off the southern end of Okinawa, trying to sneak north to become guerrillas. In the northern sector, Japanese hideout remnants ambushed and killed six Americans.

Mr. Outland was killed in Mc- Cracken County and was the son of the late Mr. and Mrs. Egna Outland. He is survived by his wife, Mrs. Arle Outland; one daughter, Miss Bettie Sue Outland; three sons, Mrs. Betty Murray, and Mrs. Archie Bradford, Paducah, and Mrs. Frank Henry, Detroit, Mich.; one brother, David Outland; and one half-brother, Craig Outland, Murray.

He was a member of the Elm Grove Church, and Woodmen of the world, and had many friends in the county.

Mr. Outland was killed Friday night, June 22, when the tractor he was using turned over on him. Because rain had delayed work, the tractor was being kept busy at night. Mr. Outland's half-brother, Craig Outland, who was to have relieved him at 4 a.m., awoke at 1 a.m. and realized that the tractor was not running. He found the body pinned underneath the tractor.

Dr. L. D. Hale, who was return- ing from a call, stopped and es- timated that Mr. Outland had been dead about two hours.

The active pallbearers were John Stamps, Aron Owen, F. H. Faughn, Edwin Stokes, Marvin Houston, and Lafayette Outland.

Funeral services for Mrs. Ida May Manning Trevathan, 79, widow of L. E. Trevathan, who died Saturday morning at her home in May- field were held Sunday afternoon at 3 p.m. at the Church of Christ of which she was a member for 65 years. John B. Hardeman officiated and burial was in the High- land Park cemetery.

She is survived by one son, B. L. Trevathan, Benton; two daughters, Mrs. Walter Cleaver, Mayfield; Mrs. Guy Gardner, Knoxville; one brother, C. L. Manning, Bryan, Texas; two grandchildren; and nine great grandchildren.

Pfc. Kimbro entered the service in April 1941. He served 28 months in the Panama Canal Zone. He was in the States in December of 1944 before being sent to France.

He wears a Good Conduct Medal and a Pre-Pearl Harbor Ribbon.

Sgt. Palmer Outland Announced Candidate For Circuit Clerk

Sgt. Palmer Outland, son of Mr. and Mrs. Woodard Outland, of North Seventh Street, has been announced a candidate for the office of circuit clerk by his friends. The political announcement is in this week's paper.

Sgt. Outland was at home a few days recently, but left for Camp Atterbury, Ind. where he will remain for further orders. According to the point system, he is qualified for a discharge.

He is a native of the Cherry community, but attended the Murray grade and high school where he was a recognized athlete. He was drafted in September 1942, and 57 days after his induction, was sent across the seas. He has been in the North African campaign, was in the battle of Cassino in Italy, and was in the second group to make the beach landing in the European invasion.

His campaign, until he is discharged, will be in the hands of his friends, according to state- ments made by his acquaintances.

7TH WAR LOAN DRIVE OVER HERE SATURDAY NIGHT

E Bond Quota
Remains Unmet

According to Chairman T. H. Stokes, and Zelma Carter, the Callo- way Seventh War Loan Drive will end Saturday night. The general quota of \$375,000 has been met, but the E Bond quota is short about \$30,000 of the \$215,000 assignment, with \$211,850 being sold, according to a report Tuesday.

These men remind all Calloway County that this county has never fallen short of a quota, and urge those having surplus money to put it into E Bonds before Saturday night, thus making a good investment, aiding in the war effort, and helping the county to meet her quota.

A letter from J. S. Bate, Jr., executive manager of the War Finance Committee, he states, "No matter how much sacrifice it takes in time and effort to put our E Bond quota over, it cannot compare with the sacrifice made by our men and women in uniform. Let's not fail them."

Boyd Gilbert Joins
Cincinnati Firm;
Said Business Here

Fourth July Picnic
On Kentucky Lake

J. A. McCord and his brother have completed plans for a picnic on the Kentucky Lake, according to the two men, and have made arrangements for plenty of fun for those who want to go to the river.

They have engaged radio stars for entertainment, and offer to the public good things to eat and drink as well as fun on the water fishing, boating, and swimming.

Ralph Wear Suffers
An Insect Bite

Ralph Wear, linotype operator and circulation assistant of the Ledger & Times is ill and unable to work this week. It is presumed that an insect bit his arm during his sleep Saturday night. On arising Sunday morning he noticed a small pimple on his arm, but did not become ill until that afternoon when his temperature rose. He has been quite ill since.

According to the records here this is the first time he has been absent from work because of illness since he started to work here in 1928. Ralph is well known in the county where he has been quite active in civic, church, and Boy Scout work. He is at his home on Fifth and Olive Streets.

S-Sgt. J. B. Buchanan
Arrives Wednesday;
Prisoner 14 Months

S-Sgt. James B. Buchanan, son of Mr. and Mrs. John Buchanan, arrived in Murray Wednesday morning for a 60-day furlough. A tall, gunner in a B-24, S-Sgt. Buchanan was shot down over Austria and was held prisoner by the Germans for 14 months.

He was flying from a base in Italy on February 25, 1944, when fighters damaged the plane and the crew bailed out. They landed in waist-deep snow in the Alps, and the Germans were waiting for them.

Soon they were moved to a prison camp at Frankfurt. They were moved several times after this and usually rode in boxcars or walked the distance. A recreation program was active in the camp but the food was very poor.

During the last three months of imprisonment, S-Sgt. Buchanan and many other prisoners had no regular camp and spent all the time on the road. They were marched continuously from one place to another.

They were liberated on April 28, 1945, by members of the First Army. During the time in prison, S-Sgt. Buchanan lost about 50 pounds.

He will report to Florida, but doesn't know what he is going to do.

Pfc. Richard Gholson, son of Mr. and Mrs. Paul B. Gholson, arrived this morning from several months' duty overseas.

S-Sgt. Chas. Sparks
Arrives In Murray;
"Missing" 52 Days

By John Mack Carter
S-Sgt. Charles Sparks, son of Mr. and Mrs. C. L. Sparks, arrived here Thursday, June 21, after being reported missing in Italy.

S-Sgt. Sparks, aerial engineer on a B-17 with the AAF in Italy, had his plane shot down by flak on his sixth mission, March 12. The crew of ten bailed out over Hungary and seven of them got together here and the other three got back later. They landed in "no-man's land" between two front lines, uninjured.

The Bulgarians aided them toward their base. By walking and using other means, Sparks got back to Italy on May 2, 35 days after bailing out and four days before the end of the war.

S-Sgt. Sparks is here for 30 days with his parents and wife, the former Miss Florida Wells, before he reports to Florida.

He wears a unit citation for outstanding achievement, the Good Conduct medal, the Air Medal, the European Theater of War ribbon with three battle stars, and is a member of the Caterpillar Club—a club which you can join only after bailing out once successfully.

S-Sgt. Sparks has no definite plans, but he says it is nice to be home and fish on the Kentucky Lake.

BERNICE GROGAN,
73, DIES SUDDENLY
TUESDAY EVENING

Bernice H. Grogan, 73 years of age, died at her home on Route 5 Tuesday evening after having suffered a heart attack.

Funeral services will be conducted Friday afternoon at the Providence Church of Christ with Eld. J. B. Hardeman in charge and burial will be in the Hicks Cemetery.

Mr. Grogan was the son of the late Mr. and Mrs. Thomas R. Grogan and was born and reared in this county. He received his early education in the county schools and then attended school in Huntington, Tenn., and for several years taught in the county school system, but gave up teaching in order to devote his entire time to farming.

He was a community leader and was always interested in the advancement of his county. He was a devoted member of the New Providence Church of Christ and had served on the church board.

Early in life he was married to Miss Roberta Perry who preceded him in death. They had two children, William Grogan, who is in the insurance business in New Orleans, and Kenneth Grogan, in the army, stationed in San Antonio, Texas.

Later Mr. Grogan married Mrs. Maude Freeland Grubbs, who survives him.

Delegates of 20
Nations Expect
Quick Approval

SAN FRANCISCO, CALIF.—A movement to win the quickest possible ratification for the United Nations charter grew among conference delegates today. It was spurred on by President Truman's urgent plea to make the new world peace plan "a living thing."

The chief executive himself, after making the final address of the 9-week conference yesterday, is en route to Washington, by way of his home at Independence, Mo., to carry the charter formally and personally before the Senate next Monday.

"I am sure," he told the delegates of 50 nations here, "that the overwhelming sentiment of the people of my country and of their representatives in the Senate is in favor of immediate ratification."

A poll which reached 26 of the

BULLETIN
STETTINUS APPOINTED
WORLD LEAGUE COUNCIL

INDEPENDENCE, MO., June 27.—President Truman announced today he had accepted the resignation of Edward R. Stettinius, Jr., as secretary of state, and was appointing him as American representative on the postwar security council and chairman of the United States delegation in its general assembly.

The President announced he would appoint a successor to Stettinius as state secretary next Monday or Tuesday, but laughed off attempts of reporters to make him say it would be James F. Byrnes of South Carolina.

He said Stettinius had accepted the offer of the job as United States representative in the league of United Nations projected under the peace charter he steered through to approval at San Francisco.

delegations showed that 20 of the 28 expect their nations to ratify the charter this year.

Before the President's appointment two Americans of the American delegation will open the drive for quick ratification. Chairman Connally (D-Tex.) of the Foreign Relations Committee, and Senator Vandenberg (R-Mich.) left by plane last night to return directly to the capital. Connally will report to the Senate Thursday, and Vandenberg will speak on Friday.

Secretary of State Stettinius also left for Washington with top State Department officials last night and arrived there today. Ahead of him is the task of leading the array of witnesses on world organization who will appear before the Senate Foreign Relations Committee.

Stettinius left Leo Pasvolosky, an assistant and ranking American expert on the United Nations organization, here to attend an organization meeting of the United Nations preparatory commission today. This commission, including representatives of all 50 nations, will have its regular headquarters in London, will prepare for the creation of the United Nations organization and recommend a site for permanent headquarters.

Mr. Truman witnessed the signing of the charter by the American delegation. The United States delegation signed in 28th place.

The President brought the historic assemblage of 50 United Nations to a final close with the declaration that it had "created a great instrument for peace and security and human progress in the world."

But now the world must use it, the President said, otherwise "we shall betray all those who have died in order that we might meet here in freedom and safety to create it."

As chief executive of the United States, he promised that the charter of a new world organization dedicated to preservation of peace will be sent to the Senate "at once." Likewise, he urged speedy ratification by other nations.

Throughout his address ran the theme that the charter of the new world league is only an instrument, a machine that was built from universal desires that never again shall the world be engulfed in war. It isn't perfect, Mr. Truman said, and there must be a will among nations to use it well. But

Mrs. H. Norman Sullivan and

From Whose Foxhole?

Since we have come home we had the pleasure of reading a political statement under the signature of James G. Wilson, that was "written from a foxhole." We do not deny the truth of the statement, but in respect to the men who have served their nation, we demand that the original letter from James G. Wilson, in regard to this statement and his official announcement under his signature (in direct violation of military law) be submitted to us as veterans of World War II, for truthfulness, else we live and act in the thought that the statements were never written by James G. Wilson. We want to know from whose foxhole they were written—a soldier in the Philippines or the foxhole of a civilian candidate who seeks to split the soldier's vote in two parts.

In no way do we want the people of this county to think that we would fail to uphold any veteran of World War II, either Flora or Wilson, but we do not intend to sit idly by and witness one of our fallen comrades be the victim of civilian politicians who use one soldier to defeat another soldier in a political campaign.

These are our reasons to believe some rotten politics have gotten into this campaign:

First, we do not believe that a soldier that has ever enjoyed the privacy of a foxhole under enemy fire would use that shelter as a stepping stone in a political campaign. About all a man thinks of when he has been forced into a shell hole or foxhole, is his mother and father, his wife and children, and his Almighty God, but least of all as the subject to win an election in a sheriff's race. It just doesn't make sense to us, nor do we believe it makes sense to any man who knows what the battle rattle of death sounds like.

Second reason: Although we do not claim that men in other theaters of war feel as we who have followed the GI through a thousand miles of battle, we have never witnessed the time when the welfare of a man who has not suffered the wounds of a battle was put before the man who has fallen. Our last drink of water would be given to a man who might be gasping his last breath of life, but he didn't fail to get it. Nor we never heard of a red blooded soldier who would step ahead of a fallen soldier in a political campaign. The suffering was served first, they were given the right of way on the battle field, the transport planes, hospital trains and ships, and even the enemy recognized this spirit of serve first those who need it most.

We cannot believe that Sgt. Wilson, should he have known the soldier record of L. D. Flora, would have been the tool of conniving politicians, who seek to use him as a means of splitting the soldier's vote and the votes of the mothers and fathers of men in the armed forces. Men who know the horrors of a foxhole know the true meaning of soldier devotion to a man who has gone down on his knees on the battlefield, and they are not made of the stuff that would take a drink of cool water from the parched lips of a man who has been wounded. And we cannot believe that a man who truly knows what a foxhole means would write a message such as appeared last week.

In no way do we wish to take from Sgt. Wilson any honor which rightfully belongs to him, and if we have done him an injustice we will make amends. If Sgt. Wilson's father can produce the original letters within seven (7) days in his son's handwriting, supporting the first announcement and the second, the "letter from the foxhole," in comparative personal letters, with a censor's stamp affixed, then we will believe the statements. But censors do not pass active political campaigns, as it is a violation of military law.

Therefore, we the undersigned, believe the two articles appearing in the weekly newspapers under Sgt. Wilson's name were from the foxholes of the A. A. A. office, on the battle front of Main Street in Murray, Ky.

600 Black Bass Are Caught at Hematite Lake Last Sunday

Hematite Lake on the Kentucky Woodlands National Wildlife Refuge was opened for fishing for the first time last Sunday, June 17. A large crowd of fishermen were on hand in spite of bad weather. They were pleasantly surprised by the size of the bass they caught. Six hundred black bass were caught and they averaged 3 1/2 pounds per bass. Numerous four and five pound fish were taken. One six-pounder was caught.

Hematite Lake is located in between the Cumberland and Tennessee Rivers on the Trigg-Lyon County line near the refuge headquarters. The 100-acre lake was impounded in 1941 and was well stocked with game fish. No fishing was allowed until last Sunday.

The Fish and Wildlife Service, U. S. Department of Interior, which operates the Kentucky Woodlands National Wildlife Refuge, has three other lakes open for fishing in the same vicinity. Fishing is conducted in accordance with the State of Kentucky's fishing regulations. No special permit is required by the Fish and Wildlife Service for fishing. No outboard motors are allowed although electric motors are permitted.

These lakes were constructed and developed to give migratory ducks a resting and feeding place during their long migration from northern Canada to the Gulf Coast. The lakes improved the duck hunting in Western Kentucky before the Kentucky Reservoir was impounded. Because improving the duck population is the main object of the

dissolving one pound of bluestone in 5 quarts of water. Store in glass jugs.

2. In a 3-gallon sprayer tank put 9 quarts of water and one quart of "stock." Then, add one-quarter lb. of hydrated lime, previously made into a smooth paste. Add 2 tablespoons of arsenic of lead for leaf-eating insects.

3. Close the sprayer and shake end-wise 10 to 15 times. Cover the vines completely on topside and underside of foliage. Another spray should follow in 10 days.

The Pottersville Homemakers Club met Thursday, June 21, at the home of Mrs. J. A. Outland. Luncheon was served to 17 members including three new members: Mrs. Pierce McDougal, Mrs. Myrdie Outland, and Mrs. Bertha Kimbrow. Officers for the ensuing year were elected.

Mrs. Maynard Ragsdale, emergency war food assistant, gave a discussion on canning and the proper method of jar closures.

Next meeting in July will be a picnic on the Lake.

The final thinning of peaches should be done now. They are beginning to make their full growth, and if too many peaches are on the trees, they will not be of good size. You can thin your peaches until they are about six inches apart on the limb without reducing the number of bushels at harvesting.

Now is also the time to nitrate your trees with three pounds of ammonium nitrate or five to six pounds of nitrate of soda. This will aid in adding size and quality to the fruit.

You will have brown rot unless you keep them dusted or sprayed with wettable sulphur. Unless sulphur is used, you may not harvest any peaches as the rot will get them before they are ready to use.

Showery weather and cool nights provide the very best conditions for blight on tomatoes, potatoes, melons and beans. It is possible to check this trouble where it is by starting to spray now. The leaves already brown are gone, but where there are still green growing-tips, part of the crop may be saved.

The Bordeaux strength recommended is 4-4-50, by which is meant 4 pounds of bluestone and 4 pounds of lime in 50 gallons of water. It can be made as follows:

lakes, they will be closed to fishing five days before the opening of the duck season this fall.

There are only a few boats on the lake available for rental from local people. Most fishermen have been bringing their own boats with them.

Many fishermen, who have fished in the more publicized fishing waters throughout the country, were impressed by the size and "fight" put up by the bass in Hematite Lake. Many casting lines were broken and many hooks were straightened out. Many fish broke loose after having been hooked.

One fisherman failed to land three four to five pound bass and landed a three and one-half pounder in only five minutes.

like the American Constitution, the President asserted, it can be improved through the years.

"Upon all of us, in all our countries," the President said, "is now laid the duty of transforming into action those words which you have written. Upon our decisive action rests the hope of those who have fallen, those now living, those yet unborn—the hope for a world of free countries—with decent standards of living—which will work and cooperate in a friendly, civilized community of nations.

"This new structure of peace is rising upon strong foundations."

"Let us not fail to grasp this supreme chance to establish a world-wide rule of reason—to create an enduring peace under the guidance of God."

With this new charter, Mr. Truman said, the world can start

looking ahead toward a time when all worthy humans may live decently as free people.

He emphasized, however, that forces of tyranny and reaction would attempt to split asunder the United Nations. To divide and conquer, he said, was and still is the aim of the Axis. But he predicted it would fail in the future as in the past.

Addressing conference delegates directly for a moment, the President told them they had assembled at the Golden Gate nine weeks ago with the high hopes and confidence of peace-loving people the world over. He added:

"Their confidence in you has been justified."

"Their hope for your success has been fulfilled."

"The charter of the United Nations which you have just signed is a solid structure upon which we can build a better world. History will honor you for it. Between the victory in Europe and the final victory in Japan, in this most destructive of all wars, you have won a victory against war itself."

FRIENDS OF

Sgt. Palmer Outland
announce his candidacy for
Circuit Court Clerk

TO THE VOTERS OF CALLOWAY COUNTY:

We, the friends of Sgt. Palmer Outland, take this method of requesting the people of Calloway County for their support and influence in our campaign to elect this soldier boy to the office of Circuit Court Clerk. Since this young man is unable to participate in the campaign, it falls our duty and pleasure to help him in any way we can. We know you, too, will feel the same way about him, but for the benefit of those who do not know we will state these facts and qualifications for him:

Sgt. Palmer Outland is the son of Mr. and Mrs. Woodard Outland, who before moving to Murray made their home at Cherry. He attended the Murray grade and high school, where he was a four-letter athlete. He starred on the 1942 championship basketball team for Murray High School and was called up to the colors in September 1942. Within 57 days after induction he was rushed into a regular combat signalman army unit and on to the high seas. His outfit went into the North African campaign and was with the second wave to hit the beaches of the first European Invasion by American troops.

After the long, dusty, hot campaign of North Africa, his unit was thrown into the bitter Casino battle in Italy and remained in constant combat until he was relieved and granted a temporary duty furlough home. He arrived in the States on March 25 of this year.

He again reported to camp for return to duty in foreign lands May 18; however the tide of war to victory, for which he played such a long and unselfish part, had been decided. His long service record entitles him to a discharge soon and he is now awaiting verification of battle records.

The friends of Sgt. Palmer Outland know that he has made monthly allotments to his family ever since he has been in the army, and with final discharge in the near future, we know of no finer thing for the people of this community than to elect him to the office of Circuit Court Clerk, whereby he might continue to faithfully perform the duties of a worthy son.

The friends of Sergeant Outland sponsor his candidacy with the full knowledge and the personal endorsement of a battle veteran who has withdrawn his candidacy because of his desire to render aid to another soldier veteran. They are grateful to him for his generous act of true loyalty to another World War II veteran.

Sergeant Outland cannot conduct his own campaign as military restrictions forbid this practice. He will be granted a furlough home in the closing weeks of the campaign, according to Sergeant Palmer, to greet his friends throughout the county. He states, however, that he will not be permitted to ask a person to vote for him nor to hand out a card, but must depend upon the loyalty of his relatives, friends, soldiers, and neighbors to give him whatever support he is worthy of receiving.

We plead with the folks of this county to stand behind the man who has so long stood behind us, and give to him the largest majority ever handed to a man of the colors, and who will leave the ranks of the army without a job and ready to serve his county as a faithful and able public servant. We speak in Sgt. Palmer Outland's behalf our lasting appreciation.

We thank you.

The Friends of Sgt. Palmer Outland

Service Notes

Lt. Billy Hixon, 22, son of Mr. and Mrs. Jack Hixon, Paducah, formerly of Murray, who died Friday, March 16, in a Detroit hospital of rheumatic fever, was a graduate of Tilghman High School in Paducah. He attended Murray State College for two years before volunteering for service in 1942. He trained at Clarksville, Tenn., and Texas, and was in California at the time of his discharge. He was a pilot in the Air Corps.

Cpl. John Knox Crawford, only son of Mr. and Mrs. Riley Crawford of North Fourth Street, somewhere in the Philippines, according to letters to his parents.

Corporal Crawford, a graduate of Murray High School and a student at MST, was drafted in April, 1944, assigned to the air corps he trained at Chanute Field, Ill. McClellan Field, Calif., Kerns Field, Utah, and San Francisco. In April 1945, he was sent to New Guinea where he was stationed until his Philippine assignment. During summer vacations, Cpl. Crawford worked in Central City, Ky., and it was there that he was married to Miss Jean Heater, who continues to live in that city while her husband is away. Corporal Crawford writes that he is very busy but that he is feeling fine and has not been one bit sick since leaving the States.

Fade Away, owned by Bob Little, Des Plaines, Ill., won the first line; Indiana Rowdy, owned by Willis Bros., Evansville, Ind., won the second line; Rambler, owned by Wade and Wichins, St. Charles, Mo., placed first race and Little Charlie, owned by Eicher and Little, Des Plaines, Ill., was second tree.

In the first re-entry—first line was Butcher Boy, owned by Bob Little, Des Plaines, Ill., second tree, Flash, owned by Georgetown, Kentucky, Georgetown, Ky.; first tree—Red Rock, owned by Leo Adams, Springfield, Tenn.; second tree—Gunner, owned by Bob Little, Des Plaines, Ill.

In the second re-entry—the first line was B. Bomber, owned by Dory and Meuth, St. Louis, Mo.; in the second line was Tena, Pete, owned by L. W. Melton, Henderson, Tenn.; second tree, Guano, owned by Bob Little, Des Plaines, Ill.

According to Paul Barlett, reporting, Fade-Away showed that he was nearly the King of hounds. If he had not missed the trail by a few feet in the finals, he would have carried the \$150.00 first tree back to Illinois as well as the \$150.00 for first line money, because he really came in "treating."

You Can Again Join The Blue Cross

The health of an individual or a community is a major factor in security and happiness. Prompt and proper hospitalization when in need of medical care is a distinct advantage to every person.

The Blue Cross Hospital Service provides for bed, board, prescribed diets, general nursing care, dressings, plaster casts, and use of the operating room. In addition to these general services all laboratory examinations and tests along with a certain usage of penicillin and oxygen are also included.

The service is inexpensive. There is no red tape. It is operated on a non-profit plan.

The cost for this service is 65¢ per month for the employee, and for 65¢ extra the employee may protect himself (or herself) spouse and all unmarried children under age nineteen.

Blue Cross coverage can only be secured through groups. Employers are urged to give their employees opportunity to get hospital service, and thus maintain a high standard of health.

For further particulars and for application blanks, please call at the Murray Chamber of Commerce office on Main Street.

Marine Corps Wants Youths

The fact that the Marine Corps is now accepting enlistments from 17 year olds, has been announced by Captain Charles G. Haskins, officer in charge of the United States Marine recruiting in Kentucky.

Men accepted for enlistment will be sent to Parris Island, S. C., for nine weeks of "boot training." After a 15-day furlough, they will receive additional training at Camp Lejeune, N. C.

Applicants must be between 5 feet 4 inches and 6 feet 4 inches in height with proportionate weight. At least a grammar school education is required, but high school graduates are preferred. Interested 17 year olds may report or write to the Marine Corps Recruiting office, 1014 Heyburn Building, Louisville, 2, Ky., the District Recruiting office, Postoffice Building, Lexington, Ky., or the District Recruiting Office, Postoffice Building, Paducah, Ky.

Both hospitals offer Blue Cross hospital service.

The first Brown Swiss bott calf born in Casey county was sold when five months old by O. C. Tarter for \$200.

Eighteen Months Have Elapsed . . .

Since \$1,500,000 was appropriated by a Kentucky Legislature to aid in treatment of Tuberculosis; with the money in the Treasury lying idle, and in the lapse of time, in Calloway County several cases have developed. Just last week a young office girl had to give up, and examination showed a large cavity in one lung — the effects of a cold last winter and spring — a shock to her family and friends (what young person will be shocked to her family and friends when they learn of her condition) and it is happening in every county in Kentucky, the only remedy is to get the patient to the hospital in Kentucky to which we may apply — only to get the reply that they cannot accept another patient under 60 to 90 days; and that out of reach in charges to the average case.

We are handicapped by distance from our centralized government at Frankfort, with no representative that will assert himself or give the time to make contact for our section for the things justly due us for aid to crippled, blind or tubercular; and all the various agencies that should be active in the welfare of unfortunate and handicapped people.

All the campaign promises of the candidate for Governor, who won, was as sounding brass and tinkling bells. We need someone to represent us and make demands for our just dues from our government at Frankfort, without fear or favor and without political prejudice.

The one you choose to represent you must give time for two years—not just while in session—to make contact for every one entitled to be heard.

With much general contact we received some road work on the Concord road last fall, but without contact of local authority the character of work was most a failure, being only a smear surface. We are trying to get a sealed coat to save the road and salvage to some extent the money spent on the first coat. We are now getting a light coat on the Coldwater and Hazel roads, and with a better base it will do better; however the quantity is not sufficient to make a good surface.

Conditions laid out by OPA, in general operation, is so complicated and misundestandable, and retards service to the people and retards production in agricultural activities. (I do not refer to price ceilings as it is a protection to all). Why can't there be some reasonable applications of regulations and enforcement? It must be lack of contact and understanding of rural problems of life.

Come in to see us every time you are in town.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strains of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

S. Pleasant Grove

Bobbie Shrader, five years-old, of St. Louis, was buried Sunday afternoon with Bro. Childers officiating. Bobbie's illness was short having been able to play until Thursday night and passed away Friday night in St. Louis.

His mother, formerly a Miss Taylor of Lynn Grove, and three sisters came for the funeral.

Bobbie is a grandson of the late Noah Shrader, and a great nephew of Lon Shrader of this vicinity.

Through the kindness of Dr. and Mrs. J. A. Outland, Mrs. Ellen Cooper Charlton and the writer visited Mrs. S. Smotherman Martin near Potterytown. She and her visitors were reared in South Pleasant Grove vicinity.

Martin lives with her nephew, Tommie Smotherman. She is nearly blind, but her health is better than it was several weeks ago. She is an aunt of Henry Charlton.

Mrs. Will D. Erwin who recently underwent an eye operation at Mayfield, was able to return home Saturday.

Genette, little daughter of Mr. and Mrs. Ellis Paschall underwent a tonsil operation Saturday.

Harold Brandon was home on furlough recently visiting his parents Mr. and Mrs. Roy Brandon.

Mr. and Mrs. Emmett Erwin, Mr. and Mrs. Orville Owens and families attended the funeral of their cousin, Gattin Outland, at Elm Grove Sunday.

Mr. and Mrs. Mike Stranek have returned to their home in Detroit after a 10 days' visit with her parents, Mr. and Mrs. Jim Linn.

Mr. and Mrs. Carey Rose and daughter Mary Sue, Misses Katie and Charlene Linn, and Mr. and Mrs. Elmer Trevathan, attended the funeral of Mrs. May Trevathan at Mayfield last Sunday. She was reared at Alto and she and her husband Edgie Trevathan lived here and at Hardin for several years, later moving to Mayfield where they have been for many years. She leaves her husband and two daughters, one son, several grandchildren, and one brother, Charley Manning of Texas. Mrs. Trevathan was 79 years of age last week.

Beautiful, comfortable, and practical chairs were the results of the work these women who had taken old chairs and rebuilt the springs and made slip covers for them. Ordinary chairs, car seats, drug store chairs, cane bottom chairs, and out of date pull-up chairs were made into beautiful and useful furniture.

Slip covers were made of pretty chintz, upholstering material, and many were made from feed sacks.

Women who had articles on display were: Mesdames Carl Lockhart, Everett Norworthy, T. L. Smith, Ivan Rudolph, Clifford Smith, Ollie Brown, Cloya Buterworth, Dave Hopkins, Mrs. Clayburn McCushton, Mrs. Edna Mae Dick and Miss Rowland.

Diogenes Blows Out Lamp and Goes Home

Well, old Diogenes can just blow out his lamp and go home. He can find his honest man right here in Murray. Buddy Downs, 16, son of Mr. and Mrs. Johnny Downs of West Popular St.

The other day Buddy found about \$65 in a roll of bills on the floor of Day and Night Lunch. There was no identification or pocketbook, but Buddy just turned the money over to the proprietor, Lloyd Workman, where the owner Raymond Alexander later recovered it.

Refinery Hit Aviation Gasoline

GUAM, June 28.—The great Mariana superfortress fleet added Japan's principal remaining aviation gasoline refinery to its list of bombed industrial targets today.

Fifty Fortresses struck the Utsube river oil refinery near Yokkaichi, 18 miles southwest of Nagoya, before midnight last night—less than 14 hours after 500 other B-29's pounded ten aircraft, gun and ammunition plants in the greatest demolition sweep ever made against Japan.

Since the destruction of fuel producing plants at Tokuyama and Otake in a May 10 strike on Honshu, the Utsube plant has been Japan's aviation gasoline. The plant had never before been a primary objective, although it was hit by some of the fire bombs which heavily damaged the city of Yokkaichi on June 18.

Returning airmen reported seeing their bombs strike three of the ten plants Tuesday despite soupy weather which often reduced visibility to wingtip distance. Scattered, would-be suicide crashes were evaded or blown from the sky by the guns of the B-29's and their two-based escorting Mustang fighters. Most Japanese interceptors showed little eagerness to fight.

Icing conditions and advance winds forced more than 70 Superfortresses to make emergency refueling stops at two Jima en route home. At one time they were landing on that tiny island at the rate of one every 30 seconds.

Five B-29's failed to return to their bases. Tokyo broadcasts claimed 28 were shot down and 66 damaged.

Although five airmen were able to observe results of the Tuesday strike, hits were seen on the Mitsubishi Aircraft Company's Kagamiyama plant near Gifu and

the Kawasaki Aircraft Company's Akashi plant. Bomb blasts in the Sumitomo light metals plant at Osaka bounced some of the Superfortresses 400 feet, crewmen said.

Okinawa-based Marine and Army Corsairs, Thunderbolts and Avengers meanwhile reported destruction of 500-2 Japanese aircraft from mid-April to Sunday.

SIDNEY A. WATERS GETS DISCHARGE FROM ARMY

Sidney Albert Waters has received an honorable discharge from the army. He is in Murray visiting his parents, Mr. and Mrs. Neva Waters. He plans to return to his former position with Southern Bell Company in Detroit. He volunteered for service in 1942, and left for overseas service in April 1943, taking part in the campaigns in North Africa, Sicily, Italy and Southern France.

Mr. Finney served in the Aleutians, Attu, and Kodiak before receiving his discharge.

How long will it take to beat JAPAN?

*One Year? Three Years? Five Years? Look at these Facts...
From the Army and Navy. Then Figure it Out for Yourself!*

In spite of Midway, Bougainville, Tarawa, Saipan, Leyte, Manila, Iwo Jima, Okinawa, and all the other American victories, Japan now controls an area and population far larger than the United States, and with many natural resources greater than ours.

Her home islands are industrialized and organized to the last rivet, the last kilowatt of power, the last pair of human hands.

Japan can put in the field over 4,000,000 well-trained, battle-hardened troops, many with ten years of war behind them. This force is twice as large as all the German armies which defended France, the low countries and the Western front of the Reich against the combined armies of the United States, Britain, Canada and the Free French.

Back of these soldiers are more than 70 million civilians on the Jap home front, firmly indoctrinated in emperor worship—every man, woman and child ready and eager to die for the man they believe is a god.

Japan is fighting on "interior" lines. It's true that its fleet is now much smaller than ours. But never forget that the U.S. Navy has a much bigger job to do.

The Japs have stated, and no thinking man or woman doubts it, that they are prepared to sacrifice 10,000,000 men to hold their empire. To the Japanese, life is cheap. The emperor and the state mean everything—the individual, nothing.

If the war were to end tomorrow, Japan would have put the seal on a conquest greater than Napoleon's.

"But," you say, "the war with Japan won't end tomorrow."

Well, what about it? Will it end "tomorrow," or next month or next year, for you?

Are you planning to quit your war job, stop your blood donations, slacken your bond buying, use black-market gas, have more fun, ease up generally?

Before you do, remember that many a gallant American boy, now vibrant with the breath of life, will die at the hands of the Japs.

How many?

Thousands? Certainly. Hundreds of thousands? Probably.

Well, how many?

That's up to you.

"A letter from home" to those here and far away — from friends in Calloway County — A place of good neighbors and progressive citizens

BLUE CROSS TO INCREASE HELP GIVEN

The Blue Cross Plan for the fifth time is increasing hospital service benefits for its 104,000 subscribers. This announcement was made today by George S. Hart, chairman of the Murray Advisory Committee on behalf of the Key-Houston Clinic and Wm. Mason Memorial who sponsor Blue Cross here.

These new benefits are available immediately, Mr. Hart stated, and will continue without extra cost to the members as long as favorable experience permits. Additions to the service include penicillin, all drugs, oxygen, all clinical laboratory service and all other items of routine care. Hart said that under the new plan all hospital services, without limit, are now available to the Blue Cross members when admitted as bed patients to the Member Hospitals. Defined by law as professional services, and therefore not available, are x-ray, Pathology, Anesthesia and Electrocardiograms.

Mr. Hart, in giving a short history of the Plan, stated that it was organized by the Louisville hospitals in August, 1938, for Jefferson County citizens only. In answer to many requests throughout the State, it was voted in 1943 to extend the services. Blue Cross protection is now available to all Kentuckians who enroll through their place of employment with the cooperation of their employer. More than 2,000 business firms and industries have made Blue Cross available to their employees. It is this cooperation with our non-

Princeton To Have Horse Show

Princeton's Horse Show will be a three-night affair, it was definitely decided at a meeting of the committee which will have charge of the event Monday night. Chairman Carl Sparks said. Dates were definitely fixed as Thursday, Friday and Saturday, August 23, 24, and 25.

The first night there will be seven rings, followed by the Horse Show ball at the Country Club. The second night, there will be 11 rings, and the final night, nine rings, including the stake events.

Mule and halter classes will be shown on Court Square Saturday, August 25, Mr. Sparks said, probably beginning early in the afternoon. This is expected to be of much interest to visiting farmers especially.

profit hospitals that has made the plan such a success, Mr. Hart said. He further pointed out that all officers, trustees, and Advisory Committee members serve without pay. Our job, said Mr. Hart, is to see that every family head has an opportunity to budget in small monthly payments, through Blue Cross, for the unpredictable hospital needs of himself and family. Already over 19,000,000 persons throughout the United States and Canada have Blue Cross protection. His prediction was that over 200,000 Kentuckians would avail themselves of the service by the end of 1945.

ANNUAL 4-H CLUB RALLY DAY HELD AT COLLEGE JUNE 16

85 Boys and Girls And Their Parents Attend Meet Here

The Annual 4-H Club Rally Day was held Saturday, June 16, on the campus of Murray State College, with approximately 85 club girls and boys and their parents present.

Arrangements for Rally Day were made by Miss Rachel Rowland, home demonstration agent, and S. V. Foy, county agent.

The program included pledge to the flag, 4-H Club pledge, group singing and movies shown by H. C. Brown from the state 4-H Club Department. The boys' contest was identification of farm plants and the girls entered the clothing style revue and canned foods judging.

Miss Carolyn Ruth Hughes was judged the county winner in the style revue. Winners in the farm plant identification contest were: first, James Sheridan; Dan and Hal Shipley tied for second place. Canned food judging—first, Eva Grogan and Jennell Foy tied; second, Janet Key.

Girls entering the clothing exhibit and style revue were awarded ribbons as follows:

Mrs. A. Q. Knight Dies In Texas; Was Formerly of Murray

Mrs. A. Q. Knight, formerly of Murray, died at her home in Beeville, Texas, June 4, according to a report from a newspaper in that city. Mrs. Knight had been in failing health since last October and for the last six weeks had been seriously ill.

Funeral services for her were held at the family residence June 5 and burial was in Glenwood cemetery.

Excerpts from the Texas newspaper are quoted as follows:

"Harriet Vinson Knight was born on September 25, 1860, in Tennessee, a daughter of Elizabeth Luten and Edmond Luten. In 1881 she was married to A. Q. Knight in Tennessee, and to this union four children, two boys and two girls, were born, all of whom preceded their mother in death.

"In November, 1919, Mr. and Mrs. Knight moved to Beeville, and were accompanied by their son, T. B. Knight, and daughter, Miss Lucille Knight. They came from Murray, Ky.

"A. Q. and T. B. Knight entered the grocery business under the firm name of A. Q. Knight & Son. Later they operated a drygoods store and continued in that business until 1929 when T. B. Knight died. A. Q. Knight died November 7, 1935. Miss Lucille Knight died in 1939."

City Swimming Pool Is Well Attended

The city swimming pool in the first two weeks of operation has accommodated 873 swimmers, according to reports from the manager, Mrs. Tom Rowlett. There have been 206 children under 12 years of age; 551 youths over 12 years, and 116 adults in the pool this season, and a few of the days in the past two weeks the pool has been closed. These figures indicate that the pool will be a popular place all summer.

The Red Cross Life Saving class will end this week with a class of six completing the course. Those who graduated from the course are: Misses Ann Littleton, Hazel Hood, Naomi Lee Whitnell, John Mack Carter and Howard Miller.

Two Tennis Courts At City Park Open For Play Today

Two of the City Park tennis courts are open for play, according to Supervisor Ty Holland. The courts are in fair shape but need playing on, the park official said. The park officially opened last Friday and the attendance has been good even though weather conditions have been none too good, Holland said.

All equipment of the park is ready for use. Reservations for pavilions may be made by calling No. 175.

Accidents Take a Holiday

Will you be the victim of an Independence Day casualty next week when we will observe the Fourth of July? According to figures for the month of July last year there were 8,850 Americans who died from accidents in that month. Will you be among those listed in the holiday accidents next week or can we make it possible for accidents to take a holiday?

Calloway County will have almost two holidays next week, because the Fourth of July will come on Wednesday, and the half holiday taken each Thursday by the local business firms will cause many to be observing the two days in one way or another. Hundreds of our good citizens will go to the Kentucky Lake. This is the first year that the lake has been in existence, and according to reports it is the best fishing place nearby. We have been warned of the death traps in the lake, so we need to remember that swimming there is dangerous. The undercurrents, the wells and cisterns that have been flooded make unexpected depths that could cause an inexperienced swimmer serious trouble.

We all want to have a good time over the Fourth, and with the additional gas allowed on our cards, there will be a temptation to stay on the highway. There too is a danger of accidents. We never expect an accident from our careful driving, but always there is the other fellow on the road who might not be so careful, so we must be aware of the other fellow's driving.

Then there is the danger of guns. Deaths and serious injuries from firearms, usually result from guns that were thought to be unloaded. Whatever the occasion for the use of guns one should remember that there are those near who could be in range. A business man asked this paper to remind those shooting on the lake of the danger of bullets fired on the water glancing off the surface and striking people in that area.

Each year there are lives lost in water. There is little excuse for people not knowing how to swim for the Red Cross teaches each summer classes in this art, and at the Murray swimming pool classes are being taught. Life saving is being taught now. To play safe this Fourth of July, those wanting to swim should visit the Murray pool where there are lifeguards to prevent tragedies in water.

One doesn't have to go somewhere to suffer an accident. Accidents happen at home. But this editorial is written to warn all of the dangers in stores for careless citizens. By staying in our own back yards Wednesday the Fourth, one could suffer serious injuries, or one could trip on the bath tub or trip on a rug, receive burns in cooking, or be bitten by a poisonous insect. Regardless of where we are, we are warned to be careful on the Fourth. It is during the month of July that the death toll is highest each year, and a large part of this number is because we Americans set the Fourth of July as our "Independence Day" and planned for a big time, disregarding all precautions for safety.

With an appeal to put Victory first on the Fourth, the National Safety Council is asking every citizen to enlist in a nation-wide campaign to avert the holiday hazards. To play safe this year would waste manpower, material and time needed to speed final victory.

The Council stated: "There are indications that a lot of people are going to find it hard to resist the combination of a little more gas in the tank and the feeling that it won't be long now."

"The council reminds us that 'Our boys out there in the Pacific will be fighting on Independence Day this year to preserve that independence. The least we can do on the home front is to use the holiday in a manner that will aid their efforts instead of being a hindrance."

Let's be mindful of the day when our forefathers paid the cost of our freedom and independence, celebrate the occasion by taking a holiday that is safe, restful, and in a fashion that will give us renewed vigor to attack the jobs that are ours on July Fourth. Let's observe the day so we can truly say that "Accidents Took a Holiday."

The Sugar Situation

The sugar supply has been declining consistently since the beginning of the war, and we are now at the point where our reserves are practically gone. We have suffered complete loss of the Philippine Islands production of one million tons. Nine hundred thousand tons of the 1944 Cuba supply were diverted to the production of alcohol to make synthetic rubber for essential war transportation. A severe drought in the entire Caribbean area last fall and in early 1945 reduced overall production in that area by over a million tons. And last year our home-canning sugar allotment was over-issued by 300,000 tons. With all these things and the demands of 42 months of total war, our supply of sugar has been decreased by nearly three and a half million tons.

It is plain to see that we must have strict control over our present restricted quota as provided by the War Food Administration. To do this, we must do three things:

1. Issuance of home-canning sugar must be spread over the season so that we do not go into our later fruit crop season with no sugar to issue.

2. Home-canning sugar must not go to people who are not going to use it for home-canning.

3. Issuance must be spread throughout the season so that the stores can cash the coupons as a regular rate. Due to limited inventories, stores carry less than a normal supply.

The early allotment of an allowance of 20 pounds of sugar for home-canning was based on a liberal estimate by WFA of the actual number of home-canners in 5-maximum crop. But people who had never done home-canning began flocking to the local boards in large numbers. It was soon necessary to cut the maximum allowance to 15 pounds. But a check of the demands against the quota revealed that if this was allowed to continue many bona fide home-canners in the late summer and early fall would get no home-canning sugar at all, therefore, all issuance of home-canning sugar was suspended temporarily.

The situation has been reviewed thoroughly and issuance was resumed on June 18 on a strict basis possible. A careful screening of all applications by the sugar panels at the local boards will be necessary. It may be that the amount of home-canning sugar issued will vary in the different counties due to heavy early issuance against their quotas by some counties. OPA is doing its best to distribute the short supply in an equitable manner and cannot distribute more than it has been allotted by WFA.

You can assist in solving the problem by not applying for home-canning sugar unless you are actually going to use it for that purpose. If you are going to can, ask for and use the amount of sugar you need. Instead of trying to get all you can, try sharing with others. Cooperate with your local War Price and Rationing Board which is trying to serve you and your neighbors.

Buy E Bonds Now

In selling the latest issue of war bonds there can be only one kind of sales-resistance, one form of indifference, that is, thoughtlessness. The American citizen is a somewhat careless, forgetful, over-optimistic character. If we stop to think; if we consider the contribution of the fighting man — the empty trouser-leg of the infantryman, the burned and patched face of the aviator, the emaciation of the sailor drifting in the lost boat, the tropical fever in the blood of the marine, the sickened mind of the prisoner of war — we will not begrudge the surplus of our war-time prosperity, ready cash and creature effort. We will put ourselves to shame. There are two more days left of the 7th War Loan Drive — we are behind with our E Bond quota. Won't you buy yours now.

HEART THOUGHTS BY L. HART

I was impressed by a conversation with a local housewife this week. She was concerned with the sugar situation and the fact that there were those in town who were scheming and bragging about their ability to get extra sugar. I admire any woman or man who is able to abide by the laws made for us all. When we consider that our soldiers are not getting the sugar and meat they deserve, why should we grip over a few inconveniences? There are persons who have never canned a can of fruit who are clamoring for canning sugar. There are those who are all up and complaining over the short age in meats and fats. I have an idea these people have not yet experienced the war or the horrors thereof, or else they are trying to find personal conveniences on the merits of their soldier sons who have already gone to war. We have intelligence enough to understand why the sugar is limited, and why it is necessary to deny ourselves of some of the sweets. If for no other reason, a self denial of fats and sugars, may be a blessing and a benefit by the loss of some of the surplus averduous.

The following quotation was given to me recently by R. A. Jones. "Since man to man has been so unjust I hardly know whom to trust. I have trusted and found my sorrow, but I today and I'll trust you tomorrow."

What will your memorial be when you come to the end of the way? Will it be a book filled with pages of good deeds and thoughtful consideration for others? Or will it be a record of selfishness, fault-finding, unhappy years written by the hours of time as you traveled from the cradle to the grave?

"Argue With Yourself" is the name of an editorial written by Joe Richardson in the Glasgow Times, and is amusing. I give it to you: "One of the most interesting characters you ever sat down with is you! Did you ever really ask a question with yourself? Did you ever reprove yourself, praise yourself, call the hand of yourself or shame yourself? I once knew a fine, level-headed gentleman who often would say: 'Well, I believe I will go home now for a visit with myself.' And away he would go, reappearing a day or so later with the comment, 'Sure, we licked the problem under discussion.' But, back to self. In these intimate talks, one must be frank, truthful, fair and reasonable. Generally following a long discussion of the problem from every angle, the solution comes easily and is surprisingly simple. Try, it sometime. Quietly return to your quarters, lock the door, shut out the world, be at ease, and then start talking out loud. You will be surprised at the questions and shocked at some of the answers. After all, you are your best friend and your worst enemy. Get yourself together, pluck, tighten, make a decision, and, two, and we guarantee that in the end things will work out for a pleasant surprise. And remember, also, there are many problems that you alone must solve in this personal way."

Did it ever occur to you that there was grace in the inspiration given to some of the men to run for county office? Some of the service men are being urged to make the race in the face of opportunities that are being offered them that are much better in experience, financial interest, and in the outlook for the future. A report came to this office that these men were

They were so happy the first night they were freed, they could not sleep, according to Gene. They spent the night in a hotel, and talked and drank coffee. Their first thoughts were, "when will we get to go home?"

He wears the combat infantryman's badge, the good conduct ribbon and two battle stars that indicate action in Normandy and Northern France.

Gene was silent about his thoughts of the past—his experiences, and "I wondered how we seemed to those who had returned from such hardships? Have we met their approval in our conduct at home, or have we failed?"

In answer to the question concerning the attitude of the German guards, Gene said they were pretty nice to them, except they interpreted that the Nazis were envious of the American boys who knew all the time that they would win in the end. The boys could speak no German, but wound up with a pretty good vocabulary before they were liberated by the 20th Armored Division from Campbell, Kentucky.

They wore the same clothes and had a bath once in a month. The food was supplemented fairly regularly by the Red Cross, and two weeks before being liberated, they got Red Cross clothes.

Alfalfa Contest Postponed Till '46, Says Ray Treon

After making inquiries of a number of the larger seed houses in the Middle West and consulting with all local seed dealers it has been found impossible to secure for this year any good alfalfa seed, according to Ray Treon, chairman.

Mr. Treon's statement concerning this project follows:

"While northern grown seed is much to be desired we would have compromised on the Northern Oklahoma or Kansas seed had it been available."

"There is plenty of imported Argentine seed but the agriculture colleges definitely advise against using same in this area, say it is not growing under climatic conditions so it will be as hardy as desired here."

"In view of these conditions I discussed the matter with several actively interested in the Calloway County Rural Improvement Association and the matter was submitted to the three service clubs who are sponsoring the Grow More Alfalfa plans. Each club has met and decided that the practical thing to do is withdraw the contest for 1945 and they have also agreed to reinstate their contribution and give the matter their active support for 1946 if conditions next spring make the matter feasible."

"This is only one of the several divisions of the Improvements in Agriculture that the Association is urging all farmers to put in practice in whole or in part on their farms."

"The other plans will proceed as planned. There is seed available so far as we can find for the permanent pasture seeding in the various classes. The cash awards of \$25.00 go to the various county high schools under definite rules."

"The Farm Bureau has corn yield contest and the Tobacco Men's Association has one on tobacco—each has \$100.00 prize money."

"The Murray Woman's Club is offering \$100.00 in series of prizes to the Farm Home making the best improvements in its stored food facilities during 1945."

"Detailed rule sheets and applications are available at the county agents and home demonstration agents' offices where you can easily get copies of all that may interest you. You are urged to get a copy of each and study them as they can be applied to your own farm and farm plans," Mr. Treon said in conclusion.

JULIUS H. COOPER, SURVIVOR OF USS LITTLE, SUNK MAY 3, BACK IN STATES

TREASURE ISLAND, San Francisco, Calif.—Julius H. Cooper, Seaman First Class, 114 South 10 street, Murray, Ky., was among the 41 survivors of the USS LITTLE, sunk May 3 off Okinawa, who arrived at the U.S. Receiving Ship on 30-day survivor leaves. Of the 340-man crew, seven are known dead, 29 missing and 63 wounded.

The LITTLE, with the help of combat air patrols, had been successful in driving off several Nip air attacks, but several planes of a group of approximately 24 slipped through the defenses of the ship and the combat air patrol, registering four hits on the destroyer in five minutes.

The order to abandon ship was given shortly after the fourth hit and the crew took to the water. The task of picking up survivors was completed about three and one-half hours later.

The LITTLE, commissioned at Seattle, Washington, August 19, 1944, was a veteran of seven months action in the Pacific, having participated in the shore bombardments of Iwo Jima and Ie Shima. At the time of its sinking it was doing picket duty approximately 70 miles due west of Okinawa.

S-SGT. HERMAN K. ELLIS AWARDED BRONZE STAR

WITH THE 65TH INFANTRY DIVISION IN AUSTRIA—Staff Sergeant Herman K. Ellis of Route 8, Murray, has recently been awarded the Bronze Star Medal for heroic achievement in taking command of and reorganizing his infantry section when the section

leader was seriously wounded by artillery fire.

Staff Sergeant Ellis (then a Sergeant) was leading his squad into the final assembly area preceding the attack of the 3rd Battalion, 259th Infantry Regiment, on the city of Neumarkt, Germany, on April 20, 1945. Suddenly a burst of enemy time fire in the air overhead seriously wounded the section leader. This made it necessary for Sergeant Ellis to take over the section. The Bronze Star citation reads: "He then reorganized the section and capably directed each squad to its proper position, although this required exposing himself to the enemy fire."

"His efforts were successful, and the reorganized section gave valuable support to the battalion. Sergeant Ellis' decisive action, initiative, and courage under heavy fire reflect great credit upon himself and the military service."

Sergeant Ellis has previously been decorated with the Expert Infantryman's Badge.

CPL. CHARLES H. JONES ASSISTS IN EASING GRIPES ON OVERSEAS CHOW

WITH THE 106TH INFANTRY DIVISION IN GERMANY—One of the oldest customs of the service is gripping about the chow, especially in the "dehydrated belt" overseas. But Service Company, 424th Infantry Regiment, 106th Division, has solved all its troubles on that score.

As the men file into a doorway of the mess shack, they pass under a sign in huge red letters: "Sloppy Joe's," flanked by a collection of the most luscious pinups Staff Sergeant Earl H. Gillespie of Brevard, N. C. and his mess crew can find.

As he says: "If the hash gets a

little monotonous, the pinups take the men's minds off it."

Helping in the idea are Sergeant John Klub, Richmond Hill, N. Y., Corporal Rubin Mayerman, New York City, N. Y., Cpl. Charles H. Jones, Murray, Ky., and Private First Class Edward T. Butler, Atlanta, Ga. With a sense of showmanship, they change the photos every day, and sometimes between meals.

"We never miss a man at chow now," says Jones. "The men are too interested in the pics, and are always checking for new additions. It's a common sight now to see the men eating with their eyes glued to the rear end of a . . . truck."

HUBERT P. JACKSON PROMOTED TO SERGEANT

WITH THE 106TH INFANTRY DIVISION IN GERMANY—The promotion of Hubert P. Jackson, Jr., of 1310 W. Main street, Murray, Ky., to the grade of sergeant, was recently announced by the 106th Infantry Division, now part of Lieutenant General Leonard T. Gerow's 15th U.S. Army.

His division participated in the famous battle of the Belgian Bulge last winter where they threw a ferocious counter-attack against the Germans at Manhay, Belgium, and drove relentlessly until the bulge was liquidated.

The 106th then took a part in smashing the Siegfried Line and the pursuit of its defenders across the Rhine, thus starting the final victorious drive across Germany.

GUY W. GARDNER, Q.M. 3-c WRITES FROM PACIFIC

Guy W. Gardner, Q.M. 3-c, and son of Mr. and Mrs. Guy Gardner formerly of West Main street, wrote a letter to the editor this week that contains bits of interesting news and mentions local names. This office is quite proud to hear from him and all the fellows. We quote:

June 13, 1945
Somewhere in the Western Pacific

Dear Mrs. Lochie:

I guess Mother has told you where I've been and all; it seems as if I've been away from Murray—a thousand years, although it's only been about two.

I left for overseas in January this year, after being in the States on shore bases for a year and a half. I was glad to get out to sea for awhile, but now after not having touched the 'good ole Mother Earth' for a long time, I feel like I'll never want to 'see the sea' again!

I was at Pearl Harbor for awhile and then went to Guadalcanal and Tulagi. At Guadalcanal, I saw Boyd Myers from Murray. He was playing in a army show, "Yank-A-Popping." It was pretty good.

I also saw Juanita Gentry, who used to go to 'ole Murray State', she was in the Red Cross there; also Joe Beech from Paducah, another Murray grad. I just missed seeing Elmer Cochran and Jack Anderson. We had a regular 'ole home week' there.

From the Solomons we went to the Carolines and Ulithi, where we remained for a while. Then we shoved off for Tojo's front door, and hit Okinawa Shima. We didn't have much trouble getting the marines and army ashore, but they really hit a snag after a couple of days.

D-Day plus 1 is where our 'little ole ship' got credit for a Nip plane and LCI. Being rather small, we felt pretty proud.

A little later we hit Ie Shima and we were just off the beachhead where that grand ole man, Ernie Pyle, was killed.

We hit a lot of small islands out here that you probably don't hear about—Guschiu Shima, and others.

We were kinda proud also to be the first navy vessel to sail into the harbor of Naha, capital city of Okinawa, and shell it; the marines and army were "kinda stuck" so they called the old "Navy blue" for a little blasting; it could have been pretty hot for us the Nips had wanted to give their shore battery positions away to our big guns, but lucky for us, they didn't and we are still here—ha, ha!

I sure have enjoyed the letters of Dr. Pogue alias M-Sgt. Pogue that you have printed. I'll never forget his classes in history and I bet he's twice as interesting after he gets back from France.

I sure was sorry to learn that so many boys from school, many buddies of mine, had lost their lives.

Maybe we can have this "ter-

rible mess" cleared up before long and then home will be home again and "ole Murray" and "Murray State" will be alive again.

I think that many of the boys are going to take advantage of the GI education system and it's up to the states and nation to make the necessary adjustments for them.

I know I want to finish my half year and maybe do a little graduate work.

Brother has taken a job as a Red Cross supervisor. He found out they were not going to draft him so he had to get in "some thing"—but I'm sorry he has to be away from Martha and Ann.

We heard a re-broadcast of the "Kentucky Derby" and it really made me home-sick for that ole bluegrass.

There are two more fellows from Kentucky aboard ship—Silk, a signalman is from Louisville, and I guess you know Audry Pugh,

son-in-law of Mr. Lamb who is jailer at Murray. Pugh is a cook aboard ship and, am I lucky—I'm really a "chow hound."

Thought maybe I would run upon Pat Gingles—he's on a carrier out here—but haven't as yet. I keep a "weather eye" out for all Kentucky fellows.

Well, Mrs. Lochie, I guess I've rambled enough—hope you haven't been bored—Tell Mr. George and all hello for me; tell Ralph Wear to keep that "Lino" going.

Until we "Nip the Japs" in the bud,

I remain your friend

G. W.

Pvt. Key Lindsey, Camp Atterbury, Ind., was at home with his mother, Mrs. Cordie Jones, Route 1, Murray, on a three day pass.

He was drafted from this county February 2, 1945. This is his second visit home since entering the army.

ACK-ACK SQUAD WAVES NAZIS ON

WITH THE 35TH INFANTRY DIVISION IN GERMANY. An incident that the 448th Anti-Aircraft Artillery Automatic Weapons Battalion recently experienced is typical of the enemy's confusion during the final Allied drive through Germany. Included in the 448th was Pfc. Rupert G. Mayhew, 100 South Tenth street, Murray, Ky.

A gun section had become lost from the long convoy that was rolling along in chase of the retreating enemy. Late in the afternoon they entered Paderborn, Germany, where they were supposed to meet their outfit. They drove up and down the streets without seeing any soldiers or any signs of their friends. Stopping at a crossroads to study the signs, four German soldiers came out to give themselves up to the Americans. The vehicle was so heavily loaded that it was impossible to take

them. They were given instructions to proceed in a westerly direction until some one else would take care of them.

The Americans then proceeded down the street. They soon noticed two more Nazis running frantically after them, waving their arms and yelling "Kamerade." The Yanks didn't stop; the German supermen stopped in the middle of the street with a dazed expression on their faces.

Still further down the road, the group of Yanks came to a German hospital. The truck stopped in front and one of the men inquired from an officer and two EMTs the direction to a certain town. Correct and exact instructions were received from the bewildered Germans.

M-SGT. JOE WINCHESTER WITH 9TH AIR FORCE

A NINTH AIR FORCE BOMBER BASE, BELGIUM. In order to obtain a first hand glimpse of the effectiveness of the destruction heaped upon the enemy by planes of their bomber group, a Kentucky soldier, Master Sergeant Joseph W. Winchester, Jr., of Hazle, recently was flown over Germany in an A-26 along with other men of his unit.

Part of the Ninth Air Force educational program in effect pending future assignment, these educational flights serve the double purpose of showing ground members of the 388th Bombardment Group the results of medium bombing tactical air-power, and providing an aerial tour of Belgium, Germany, Czechoslovakia and Austria.

Winchester's wife, Mrs. Verna Winchester, lives on Route 2, Hazle. M-Sgt. Winchester has served overseas two years with the 388th Bombardment Group.

WITH 38TH DIVISION IN PHILIPPINES

Sgt. Howell C. Doores, son of Mr. and Mrs. Marvin Doores, North Fifth street, was drafted in January, '41. He received his training at Fort Riley, Kansas, Camp Shelby, Miss. Florida, and Louisiana before going overseas in December, '43.

He served in Hawaii and New Guinea and is now in the Philippines with a mechanical unit of the 38th Division.

Sgt. Doores attended Kirksey and Lynn Grove High School.

WITH FIRST ARMY

Cpl. Preston Orr, age 28, was drafted in April, '43, from Florida. He trained at Camp Shelby, Miss. and went overseas in November of '44 and was attached to the First U. S. Army.

Before entering service he was a farmer. He is the son of Mr. and Mrs. Morgan Orr, Sycamore street.

SERVES WITH ANTI-AIRCRAFT

Cpl. William T. Downs, age 30, is the son of Mr. and Mrs. S. R. Downs, Route 7. He attended school at Murray High and farm-ed before entering service in September, '42. Cpl. Downs trained in several states before going overseas in December, '43. He is with an anti-aircraft artillery and has served with the First, Third, Seventh and Ninth armies.

Cpl. Downs left Callaway county with 20 other boys and they have been in the same unit since. Two of the boys have been killed.

Cpl. Downs wears three battle stars, the Good Conduct Medal and Expert Rifleman's Badge.

SERVES IN NAVY

Walter Lewis "Dab" Polly, Fireman, 1-c, U. S. Navy, is the son of Mr. and Mrs. Aubrey Polly. He has been in the service two years and received his boot training at Great Lakes. He was then sent to the Los Angeles Naval Training base for six months before going to Portland, Oregon to gunnery school. He took his advanced training in gunnery at Vancouver, Wash.

Polly sailed from Portland, Oregon on June 20, 1944. He has taken part in six major battles: Leyte, Peleliu, twice on Luzon, the Langugan Gulf, and he went in on the third wave at Okinawa. He left the islands on April 2 for the states.

Following his short leave in Murray in May he reported to Los Angeles for further assignment. He is married to the former Miss Margaret Buckingham.

Parvin L. Miller, GM 3-c, returned to New York June 21, after spending a 29-day leave with his wife and daughters and parents.

G. M. Miller, the son of Mr. and Mrs. Earl Miller of Lynn Grove, has been in the Atlantic but his new assignment will be in the Pacific.

Pvt. Joe H. Miller, another son of Mr. and Mrs. Earl Miller, is in Belgium. He is with the First Army and has been overseas two years. He has three stars for major battle participation. He hopes to get home before long.

LOCAL MEN IN SUPPLY SERVICE IN GERMANY

WITH THE FIFTEENTH UNITED STATES ARMY IN GERMANY. The "Cease Fire" order meant a new life and a new job for the fighting men in Europe's foxholes but, for the soldiers of the Services of Supply, V-E Day and the days which have followed have meant simply the continuing of a back-breaking job which will end when America's last soldier shoves off for home. Included are Pfc. Fredon Pierce, Route 1, Kirksey, Ky. and Pfc. Paul D. Garner, Lynn Grove, Ky.

Typical of the supply men and their work is the personnel and assignment of the 100th Quartermaster Battalion which in Germany sits on the end of a supply line that stretches from American farms and factories to the mess tables of Lieutenant General Leonard T. Gerow's Fifteenth United States Army.

The 100th operates in Germany a truck and rail head for dispatch of Class I Supplies—which to the Army means food—and Class III Supply, which in army terminology means gasoline and other petroleum products. Without efficient performance from these QM troops General Gerow's army would not eat, its vehicles could not run and an occupational job would remain undone.

In their handling of army food the 100th deals in "rations". A ration is defined as the amount of food necessary to feed one man for one day and the 100th Battalion ships out daily 250,000 rations or 750,000 "meals" to use the American housewife's standard of measure.

The rations are of five types: A, B, C, D and K. Ration "A" is a complete and balanced soldier diet similar to that he would have on his table at home. Ration "B" is the same type of issue except that it is more adaptable to the field because it includes no perishable items. "C" and "K" are the normal food of fighting men, the condensed food, stuffs packed in cans and boxes which have become familiar roadside litter from the Normandy beaches to the villages of Germany. Ration "D" is a strictly emergency affair, a bar of chocolate and cereal to be carried by the soldier who must travel far, and light.

The 100th learned their supply moving job in the United States and practiced it for a time in Britain. Then, when the traffic of soldiers between England and France grew heavy, they were pulled off their assigned job to run marshalling areas and reception camps for troops arriving in Britain from the Continent. Finally they were themselves marshalled and sent off to keep the Fifteenth Army fed and moving.

PFC. FRANK COOK WITH 6TH ARMY

WITH THE SIXTH ARMY ON LUZON—Carrying heavy machine guns up the steep, rocky slopes, Pfc. Frank Cook, of Murray, Ky., with a machine gun-section of the 151st Infantry, 38th Division, gave fire support for the first rifle unit to secure the summit of Chalky Cliff in the mountains east of Manila.

After getting up their guns to

form a defense perimeter, the men volunteered for patrols sent out to wipe out the Japanese opposition in the vicinity.

During the three days they defended the position, the section blew up many caves and hostile emplacements, killing 12 Japs with their small auxiliary weapons.

Pfc. Cook is the son of Tonney Cook, Route 1, Kirksey, Murray. The "Cy-clone" soldier has been overseas for the past 18 months.

PFC. JOHN L. BUCY HOME FROM EUROPE

Pfc. John L. Bucy, son of Mr. and Mrs. F. N. Bucy, Route 5, Murray, arrived in Murray Friday to spend a 30-day furlough with his family and friends. Pfc. Bucy was inducted into the Army in June '44 and received his basic training at Fort McClellan, Ala. He went overseas in January, '45. During the time he was overseas, he served with the First Army in Belgium, France, and Germany. He was wounded in Germany March 13, '45, and was taken to the 104th General Hospital in England.

On arriving in the States, he went to Halloran General Hospital, Staten Island, N. Y. From there he was transferred to William Beaumont General Hospital, El Paso, Texas. He will report to William Beaumont Hospital the 21st of July.

Pfc. Bucy has received the Purple Heart and the Combat Infantry Badge.

Edgar H. Elkins, Seaman 1-c, the son of Mr. and Mrs. Sid Elkins, Hardin, was inducted into the Navy January 21, 1944. He received boat training at Great Lakes and was then sent to a Navy

Amphibious Base at Little Creek, Va., and was later assigned to a ship. He is somewhere in the South Pacific.

Before entering service Seaman Elkins was employed at the H. & H. Tube and Manufacturing Company, Detroit, Mich. He is married to the former Miss Allie Greenfield and they have one son, Pat, 14 years old. Mrs. Elkins and Pat reside at 412 North Fifth street.

FREE PARKING SPACE for cars, and we can park inside as many as 1,000 cars. Plenty of seats, including plenty of "barbecued pork and mutton, ice cream, cold drinks, all of which will be sold at regular prices. Free iced water."

Now that one theater of the war is over, let's rejoice and boost home morale, and "Hope and pray the boys will soon be coming home."

This is our national holiday, and we owe ourselves at least one day of rejoicing that our land is FREE, and must be kept FREE!

It is a day when we shall be able to meet many of our friends, especially those of us who have been removed from our native homes.

BIGGEST EVENT of the YEAR

Candidates will speak by transcription only. Transcriptions must be made prior to that day. We make transcriptions. See us soon, to avoid the rush.
